JAN-MAR 2022

SHOWCASING OUR IMPACT

ICS participated in Bangalore International Center's annual BIC HUB'BA that highlights impact of Bengaluru based NGOs. It was heartening to note that people really connected with the cause by making cards to express love and healing wishes for cancer patients.

Cancer Risk Surveys

REVIEW

- **Kishore Rao**
Chairperson Karnataka Branch

Our team seems to have been on a mission to celebrate World Cancer Day with a bang – ten events were organised in different parts of Karnataka! The spirited participation of Oracle Volunteers was very welcome and showed their commitment to the cause of Cancer. And to crown it all, we had a few walk-in donors with individual donations.

I would like to warmly welcome Dr Rakesh Mittal to our Management Committee. I am sure we will gain from his long practice in oncology both in India and abroad. Dr Mittal has already started guiding our team and we look forward to several interactions with him in the days to come.

Hospitals are opening up to our Emotional Support Volunteers, and this is a welcome sign that things are slowly returning to normal. In fact we are resuming our Screening Camps as well as off-line Awareness sessions in Kalaburagi, Mangaluru and Bengaluru. Let us hope the days of Covid-driven fear and anxiety are behind us.

Hair Donations keep pouring in...

Representatives of the Mysore Hair and Beauty Association surprised us with 80+ hair cuttings that they donated towards wig-making for cancer patients. We saw an increase in the walk-ins with hair donations as well.

Welcome Dr. Rakesh Mittal to the Management Committee, ICS, Bengaluru

Dr Rakesh Mittal
MD, DM (Medical Oncology)

Dr Rakesh Mittal is a qualified medical and paediatric oncologist. He did his DM in medical oncology from Kidwai Institute of Oncology, Bangalore in 1997. He has nearly 27 years of experience in the field of oncology. He has worked in India and abroad in both private and government organizations. At present, he is associated with various NGOs working in the field of oncology. He joined ICS Bangalore in January 2022, as an expert advisor.
